I have sidewalk questions too. There is a severely disabled child who lives s block away and I see him being walked over some treacherous sidewalks and often in the street. Seems like an on point opportunity.

Is there a chance that the sidewalk repairs around Westchester Park and the golf course (along Manchester) can be prioritized in this year's City program? Those are both highly used, public facility adjacent locations.

Would encouragement from some of our community groups help this happen?

We want CD11 to reflect the Councilman's leadership on this issue.
